

# Jennifer Feenstra, DPT

Jennifer graduated from the University of Montana's Physical Therapy Program with a doctorate degree in 2012. With over 10 years of experience, Jennifer has enjoyed working in a variety of settings allowing her to expand her professional expertise.

Jennifer has been practicing as a vestibular and concussion specialist for over 10 years and brings extensive knowledge and experience to Frenchtown Physical Therapy. She has earned her Vestibular Competency Certification from Emory University and is passionate about restoring function and a sense of normalcy to those with vestibular and concussion disorders. Jennifer also enjoys keeping her clinical palette diverse working with orthopedic injuries and patients in post-operative recovery.

Jennifer is married with two boys, Robert and Thomas, and enjoys hiking, camping, boating, and floating during the Missoula summers and loves a good book by the fire in the winter after a day of skiing or snowboarding.

***We relieve pain, restore function  
and renew hope!***
